**TO WHOM IT MAY CONCERN**

This is to certify that **Mr. Darshan Kumar**, a III year student of B.Tech.Computer Science and Engineering, SASTRA Deemed to be University, Thanjavur has successfully completed two months IoT internship program during 11 March 2021 to 16 May 2021 at Indicold Private Limited. He worked on the projects entitled “**Dock Management System using Object Detection Mechanism**” and “**Food Quality Detection using IoT**” where he actively engaged with a team consisting of five members. He handled Blynk app Integration and Arduino coding of this project. He gave a demonstration about app development using flutter and automated daily report generation.

During this internship program with us, he was found punctual, hardworking and inquisitive. He also played a vital role in the IoT intern article series conducted every week of this internship.

We wish him all the best and every success in life.

Warm Regards,

Ronak Chhipa  
Operations Executive
